Edible Geek Chic: Transformers and Nintendo lead the geek cake revolution

Any geek-focussed RSS feed these days will regularly deliver a dose of geeky baked goodness to you. From the [games console wedding cake](#) to the [Transformers Optimus Prime cake](#) pictured, geeks the world over are showing their love of sugar, spice and all things nice by creating temporary iced geek chic. I've taken a sample of the yummiest- looking...

1. Mario Cake

[Su-yin's cooking blog](#) is awash with high calorie geekfests, including this charming image of Mario bursting forth from the spongy base. The fine details, mushrooms, Venus fly traps an' all, took three days of hard work to bring to life.

Nintendo DS Lite Jell-o Cake

The [Monroworld forums](#) introduced this jiggly number to the world when a proud hubby showed off his wife's ability with a jelly mould, some food colouring and a lot of patience.

2.

3. Star Wars Wedding Cake

The [R2D2 cake](#) brings a touch of the force (or at least bloated nausea) to any event...

Latest Moblog

4. The Discworld Cake

One close to my own heart, this painstaking recreation of Great A'Tuin, the four elephants and the flat, round world that plays host to my beloved Sam Vimes, the kickass [Delphine Angua von Uberwald](#) and of course The Death of Rats exhibits a phenomenal amount of attention to detail. Check out the [work in progress pics](#).

5. The Apple I Cake

In a spectacular show of geekery, this cake is a [gooey replica of the Smithsonian's Apple I](#) computer; the cake was created to celebrate Apple's 30th birthday, and amusingly lists Dentyne Ice Mints and chewing gum among the ingredients.
